ARTICLE I
RECOGNITION

The Employer recognizes the Union as the sole and exclusive bargaining agent for the purpose of establishing salaries, wages, hours, and other conditions of employment for the permanent full time employees, and those employees who have been in continuous employment for a three-month period within a calendar year of the Department of Public Works or the Town of Plymouth Airport, excluding clerical employees and Superintendents and all other employees of the Town of Plymouth and including part-time employees per agreement reached between the parties (see Agreement). The number of such part-time employees shall not exceed 6 ½ % of the full-time workforce of the DPW bargaining unit without mutual consent of the Town and the Union.

The Union agrees that it will not file a grievance in any forum, regardless of the characterization of the dispute, concerning the full-time, part-time ratio in the future unless the number of part-time positions are increased relative to the number of full-time positions. The Union shall not file a grievance in the event that the number of full-time positions are reduced and the number of part-time positions remain the same. Furthermore, this shall not preclude the Town from hiring additional part-time employees so long as additional full-time employees are hired to maintain the appropriate ratio.

ARTICLE II

MANAGEMENT RIGHTS

Except where such rights, powers, and authority are specifically relinquished, abridged, or limited by the provisions of this contract, the Town has and will continue to retain, whether exercised or not, all of the rights, powers and authority heretofore had by it, and except where such rights, powers and authority are specifically relinquished abridged or limited by the provisions of this contract, it shall have the sole rights, responsibility and prerogative of management of the affairs of the Town and direction of the working forces, including but not limited to the following:

To determine the care, maintenance and operation of the equipment and property used for and on behalf of the purposes of the Town.

To establish or continue policies, practices and procedures for the conduct of the Town business, and from time to time to change or abolish such policies, practices or procedures, which shall not be inconsistent with the terms and conditions of the collective bargaining agreement. The union is to receive notice of changes.

To select and to determine the number and types of employees required to perform the Town's operations.

To prescribe and enforce reasonable rules and regulations for the maintenance of discipline and for the performance of work in accordance with the requirement of the Town, provided such rules and regulations are made known in a reasonable manner to the employees affected by them.

To insure that related duties connected with departmental operations, whether enumerated in job descriptions or not, shall be performed by employees.

To determine the schedule and hours of duty consistent with the statutes and the assignment of employees to work, which shall not be inconsistent with the terms and provisions of the collective bargaining agreement.

To require from each employee the efficient utilization of his services.

To determine assignments of work and work tasks, and to discontinue processes or operations or to discontinue their performance by employees.

To employ, transfer, promote or demote employees, or to lay-off, terminate or otherwise relieve employees from duty for lack of work or legitimate reasons when it shall be in the best interests of the Town or the department.

To determine and re-determine job content and to insure that related duties connected with departmental operations, whether enumerated in job descriptions or not, shall be performed by employees.

To require reasonable overtime from employees. It is understood that during an emergency or urgent condition all employees shall be available for work and shall perform whatever tasks are necessary to carry out the work of the Town.

To determine the quality of job performance and the qualifications for positions of employees.

To establish, continue and/or change policies and/or regulations pertaining to standards for hiring of employees and the continuation and enforcement of such policies during the term of employment.

The exercise or failure to exercise the full rights of management listed herein shall not be binding course of action taken in compliance with the provisions of this Article.

ARTICLE III

FAIR PRACTICES

As sole collective bargaining agent the Union will continue its policy of accepting into voluntary membership all eligible persons in the union without regard to race, color, creed, national origin, sex or marital status. The Union will represent equally all persons without regard to membership, participation in or activities in the Union.

The Town agrees to continue its policy of not discriminating against any person on the basis of race, creed, color, national origin, sex, marital status or participation in or association with the activities of the Union. The employer will not aid, promote or finance any labor group or organization which purports to engage in collective bargaining or make any agreement with any such group or individual for the purpose of undermining the union or changing any condition contained in this Agreement while the Agreement is in force and effect.

There shall be no discrimination by foremen, superintendents or other agents of the Employer, or by the Union against any employee because of his activity or membership or non-membership in the Union. In cases where there is a question as to whether a lawful order violates the Agreement, the employee shall carry out the order if it does not involve a danger to his safety or health, and then file a grievance concerning the order.

The parties agree that employment practices required by any state or federal agency will not be considered a violation of this Agreement.

B. Any member of the bargaining unit who is not a member of Local 2824 shall, as a condition of employment during the life of this collective bargaining agreement, pay an agency service fee to the Local in an amount that is equal to the amount that is required to become a member and remain a member in good standing in Local 2824 and its affiliates to which membership dues and per capita fees are paid. The agency service fee requirement for any member of the bargaining unit who is not a member of Local 2824 shall begin on and after the thirtieth (30th) day following the commencement of his employment or the effective date of this agreement, whichever is later. The Town agrees to deduct Union dues, assessments and/or the agency service fee from the salary of each member of the bargaining unit who signs an authorization permitting the deductions to be made. The dues, assessments and/or agency service fees that are so deducted shall be forwarded by the Town to the Secretary-Treasurer of the Local at the beginning of the month following the month for which the deductions have been made. This section of the contract shall be applied in conformance with Chapter 150E, Section 12, and Chapter 180, Section 17A, of the General Laws of Massachusetts.

ARTICLE V

GRIEVANCE AND ARBITRATION PROCEDURE

Any grievance or dispute which may arise between the parties, including the application, meaning or interpretation of this Agreement, shall be settled in the following manner, but no grievance or dispute involving refusal to comply with orders of a foreman or superior, except in violation of the safety code, shall be initiated by an employee unless the orders in question shall have first been complied with by the employee.

The following procedure shall prevail in handling grievances. All grievances shall be submitted in writing to the Department Head and quote the specific articles that are being violated and how those articles are being violated, and what remedy is being sought. If a grievance is passed on from one step to another, then a letter from the unit indicating that the grievance is being passed on to the new step because a satisfactory resolution was not achieved at the previous step, must accompany the written grievance. The Union must also attach a copy of the written response they received at the previous step. All grievances must be filed within seven working days from the date of occurrence of the alleged violation, or within seven working days after knowledge or reason to know of the occurrence or failure of occurrence of the incident upon which the grievance is based or it shall be deemed waived. Any grievance in course shall also be deemed to have been waived if the action required by the Union or the Employee to present it to the next level of the procedure shall not have been taken within the time specified therefore.

STEP 1. The Union steward and/or representative, with or without the aggrieved employee, shall take up the grievance or dispute in writing with the department head within seven (7) working days of the date of the grievance. The department head shall respond in five (5) working days with a date for the hearing and the hearing must be held within ten (10) working dates of the date when the grievance was filed. Following the hearing, the department head will render a decision within five (5) days.

STEP 2. If the grievance has not been settled, it shall be represented in writing to the Town Manager or his/her designee within three (3) working days after the Department Head's response is due. The Town Manager or his/her designee shall respond in writing to the Chairman of the Grievance Committee within five (5) working days with a proposed hearing date and time. Such hearing shall be held within ten (10) working days following receipt of the Department Head's response. Following the hearing, the Town Manager will render a decision within five (5) days.

STEP 3. If the grievance is still unsettled, either party may, within thirty (30) days after the reply is due, by written notice to the other, request arbitration by the American Arbitration Association in accordance with its labor arbitration rules then in effect.

The arbitrator shall have jurisdiction only over disputes arising out of grievances as defined in this Article. The function of the arbitrator is to determine the interpretation, meaning, or application of specific provisions of the Agreement not excluded from

arbitration. The arbitrator will be without power or authority to make a decision or an award which violates the statutory or common law of the Commonwealth, or an award which requires the Commission of an Act prohibited by law or an award which violates any of the specific terms and conditions of this Agreement, or an award which adds to, modifies, or subtracts from the provisions of this Agreement. The arbitrator will be without power or authority to hold hearings or render an award or a decision concerning any matter which has been specifically excluded from the grievance and arbitration procedure under this Agreement. The decision of the arbitrator shall be final and binding upon the parties, except that the arbitrator shall not recommend a right or relief for any period of time prior to the effective date of this Agreement. Nothing in this section shall limit Local 2824's right to process grievances arising under an agreement in effect immediately prior to the effective date of this Agreement so long as the time limit set out in that prior Agreement had been satisfied. The decision of the Arbitrator may be reviewed or confirmed as is provided by M.G.L. Chapter 150C.

The arbitrator shall not substitute his judgement for decisions of the Town or its agents when they are made pursuant to their reserved or management rights or their authority under the law. The arbitrator shall not consider any issue or claim for relief which was not submitted during the grievance procedure. The arbitrator shall not determine any violation which occurred prior to the effective date of this Agreement, or recommend or award any relief for any period of the time prior to the effective date of this Agreement.

The parties shall share equally in the cost of the arbitration proceeding.

Any of the time limits outlined in this Agreement may be changed at any time by mutual agreement of the parties.

Each party shall have the right to employ a public stenographer or use a mechanical recording device at Step 4 in the procedure. The party shall make a copy of the recording or transcript available to the other party.

The Arbitrator shall have jurisdiction only over disputes arising out of grievances as defined in this Article. The function of the Arbitrator is to determine whether or not there has been a violation of a specific provision of the Agreement not excluded from arbitration.

ARTICLE VI

HOURS OF WORK

With certain exceptions noted below, the regular hours of work each day shall be consecutive except for interruptions for lunch periods: the work week shall consist of five consecutive eight-hour days, Monday through Friday inclusive; and the normal work day shall consist of eight (8) consecutive hours within the twenty-four hour period. Exceptions to the above would be in emergency situations such as snow plowing and sanding, burials, in the operation of the street sweeper which the department head may vary except they shall not normally exceed eight (8) hours within a twenty-four hour period, and in the work schedule of those employees whose duties by necessity vary according to seasonal or other requirements and with whom appropriate arrangements may be made.

Regular recurring payments in the form of stipends will be considered regular compensation subject to retirement contributions.

ARTICLE VII

OVERTIME

Employees covered by this Agreement shall be paid overtime at the rate of one and one-half (1½) times their regular rate of pay for work in excess of eight (8) hours in one day and forty (40) hours in one week.

Any employee called back to work on the same day after having completed his assigned work, and who has left his place of employment and before his next regular scheduled starting time, shall be paid at a rate of time and one-half (1 1/2) for all hours worked on recall. He will be guaranteed a minimum of three (3) hours pay at time and one-half (1½).

There may be times when an employee is called into work prior to the start of his next regularly scheduled shift on an emergency basis. An employee notified in advance to report for work before his/her regular starting time, or to work beyond his/her regular stopping time has not been called in on an emergency basis. If, however, an employee is called in to work on an emergency basis and the emergency call-in work ends with the beginning of the employee's regularly scheduled work day, the employee shall receive overtime pay only for those hours actually worked prior to the normal starting time. There is no pyramiding of pay and no guarantee of a minimum amount of overtime compensation. An employee notified of overtime pursuant to this Article is not entitled to "call-in" pay pursuant to this Article.

Overtime shall be equally and impartially distributed among personnel in each area who ordinarily perform such related work in the normal course of their work week; and a list shall be established and a number assigned to each person, who shall be called for overtime in numerical order beginning with the number succeeding that of the last person who was called for overtime. It is the agreement of the Town to utilize Town employees to work overtime, to perform work normally performed by those employees, to the extent possible based upon the availability of Town owned equipment and other considerations, such as, for example, the existing work load of the department and time constraints, prior to utilizing contractors. If, due to the workload of the Departments, or due to the need to use equipment not owned by the Town, or due to time constraints and outside contractors are used, no bargaining unite employee will be laid off as a result.

In the case of planned overtime for work normally performed by the bargaining unit, overtime will first be offered to members of the bargaining unit who normally perform such work (i.e. by department). If there is insufficient response from those employees, it shall then be offered to those employees on the centralized list. If the overtime still remains unfilled, personnel from outside the bargaining unit, including private contractors may be called in to complete the work.

When in the case of emergencies or other urgent conditions personnel from other areas other than the area which normally performs such work, including private contractors, may be utilized, and they shall complete the task for which they were contracted. The Town

will continue to utilize its' own employees, including on an overtime basis, and agrees to make reasonable efforts to relieve private contractors and personnel from other areas prior to relieving bargaining unit employees.

Compensatory time off, in lieu of overtime compensation is generally regulated by the provisions of the Fair Labor Standards Act. Compensatory time must be scheduled in the same manner as vacations are scheduled so as to not interfere with the normal operations of the Department.

The maximum compensatory time which may be accrued in any fiscal year is sixty (60) hours. Any compensatory time earned outside an employee's division must be used before May 31st of the fiscal year in which the time is earned.

The employer shall keep records in each division time-book of the overtime work. In case of a grievance involving such records, they shall be subject to examination by the union representative or the shop steward with the foreman of the division involved.

A record of the overtime hours worked by each employee shall be furnished upon request of the union steward in the appropriate division.

Overtime offered and/or assigned and not worked will be charged as worked to such employee in determining equality of overtime distribution.

Employees shall be available for a reasonable amount of overtime work. Because of the nature of municipal employment, overtime work is generally directly related to the health and safety of the public and it is agreed that the performance of emergency overtime duty is a part of the job. Employees on Modified (Light) Duty are not eligible for overtime.

Such units of equipment and personnel in the various Divisions that the Division Heads from time to time may declare to be available shall be used to assist the Highway Division in the removal of snow.

Pay shall continue during time off for meals and time taken shall be within reasonable limits.

On occasion, usually during emergencies, employees may work more than sixteen (16) consecutive hours. When employees work more than sixteen (16) consecutive hours they will be paid at twice their regular rate of pay for those consecutive hours worked beyond sixteen (16). If the continuous work carries on until the normal starting time of a regularly scheduled shift the employee will be compensated only at his regular rate of pay for hours worked during that shift.

During the day shift, including weekends, when an emergency call to an employee is made by the supervisor, a second employee may be assigned by the supervisor to respond after consultation with the first employee in instances where safety is concerned.

ARTICLE VIII

SENIORITY

Continuous length of service of the employee in the bargaining unit from his date of last hire shall determine the seniority of the employee. Union officers and stewards shall be considered senior in the event of a decrease in the work force. Seniority shall not be broken by vacation time, sick time, injury leave, temporary lay-off, or authorized leave of absence as defined in this Agreement. Seniority shall be broken by resignation or termination for just cause.

The principal of seniority within a job classification shall govern and control in all cases of transfer, decrease or increase of the working force, as well a preference in assignments to shift work and choice of vacation period, except as outlined below.

In the event of a layoff, the least senior employee in the job title affected by the layoff shall be laid off first. Probationary employees shall be laid-off first, unless there is no other employee having a seniority rating in such job title qualified to perform the requirements of the probationer's job. If there is no such employee available, the probationary employee shall continue to be employed on such job. Such laid-off employees having a seniority rating shall have the right to bump other employees in the same or lower classification having less seniority, provided they are qualified. Employees must exercise the first opportunity to bump and must be willing to work the hours and schedule of the employee bumped or laid-off. Employees may bump across Division lines, using the procedures previously outlined herein, provided that the employee is qualified to perform the duties of the job.

Laid-off employees shall have recall rights for a maximum period of two years. Employees having less than two (2) years service but more than one (1) year of service prior to layoff shall have recall rights for a maximum period of one (1) year. With respect to employees having less than one (1) year of service prior to layoff, their recall periods shall be equal to the number of months of their service in excess of six (6) months.

In the event of an increase in the number of employees in an occupational title, employees in layoff status from the occupational title shall be given the first opportunity to return there in the inverse order of their layoff. Any person refusing or failing to exercise such recall opportunity within three (3) days following notice sent to him by the employer, by certified mail at his last known place of residence appearing on the records of said Department, shall have no further recall right.

The parties agree that the least senior employee will be laid-off in the event of a layoff unless the affected employee cannot be immediately replaced by a fully qualified and licensed employee within the bargaining unit.

In cases of layoff and recall following a layoff, seniority shall be the deciding factor among employees physically fit and competent through knowledge, skill and efficiency to perform the available work.

ARTICLE IX

JOB POSTING AND BIDDING

When a position covered by this Agreement becomes vacant, the status of such vacancy shall be posted in a conspicuous place available to all employees of the department within three (3) working days. If it is determined by the Town that the vacancy is to be filled, the notice of such vacancy shall list the pay, duties, and qualifications and a copy of the notice shall be sent to the local union president. This notice of vacancy shall remain posted for seven (7) working days. Employees interested shall apply in writing within the seven (7) day period. Within ten (10) working days after the expiration of the posting period, the Town Manager will award the position to the senior qualified applicant (however, subject to provisions of the next paragraph). If there are no qualified applicants from within the Division, then the employer may accept applications from within the bargaining unit, so long as the employees are qualified.

An applicant's qualifications for promotion to a position involving supervision of other employees and/or the operation of specialized equipment (PW6 or greater) shall be determined by an evaluation of several factors which shall include experience (both prior to and during employment with the Town), his demonstrated ability to carry out work of the type included in the job description for which the application has been submitted, his attendance record, skills, permits and licenses in his possession, ability to supervise (if applicable), ability to communicate with others, including the public, and the information which the applicant submits in conjunction with his application. This article is subject to the grievance procedure as outlined in this Agreement.

This shall not preclude, however, the right of the Town to hire outside the Department if there is no employee who is qualified to fill the position.

ARTICLE X

CLEAN UP TIME

Employees shall be granted a 15-minute personal cleanup period at the end of each work shift of eight (8) hours.

Work schedules shall be arranged so employees may take advantage of this provision wherever feasible.

ARTICLE XI
REST PERIODS

All employees work schedules shall provide for 15-minute rest period during the first one-half (1/2) shift. The rest period shall be scheduled at the middle of this one-half (1/2) shift. When conditions permit, employees may take a 15-minute rest period in the second half of their workday.

When conditions permit, employees may be granted time off on paydays to cash paychecks. This time period, which is to be limited to fifteen (15) minutes, shall be established by the designated crew leader or his supervisor in a manner that will ensure that the work effort of the crew will not be adversely affected.

Lunch periods shall be one half hour (30 minutes) in length and shall be taken at the jobsite. There will be no returning from ongoing jobsites back to the barn, shop, plant, garage, office, etc. for the lunch period. If the crew is on the jobsite and one or more of the crewmembers does not have a lunch with him, the crew leader may designate one individual to go for the other employees' lunches. Once he has returned, the crew may then stop for the specified amount of time for lunch.

ARTICLE XII

VACATIONS

The vacation year shall be the period July 1st to June 30th inclusive. Each employee shall be credited as of June 30th with vacation leave with pay as follows:

An employee in continuous service shall be granted two weeks vacation with pay provided he has completed thirty weeks of service prior to July 1st.

An employee with less than thirty weeks of continuous employment as of July first shall be granted one (1) day of vacation for each full month of continuous service completed prior to July first, but not to exceed one week of vacation.

An employee who has completed five (5) years of service shall, in the year during which this length of service has been completed, be granted three (3) weeks of vacation with pay.

An employee who has completed ten (10) years of service shall, in the year during which this length of service is completed and thereafter, be granted four (4) weeks of vacation with pay.

Employees will earn one (1) additional vacation day at the beginning of the fifteen (15) year step each year until they have reached a five (5) weeks vacation at the twenty (20) year step.

An employee with a twenty-five (25) year step will earn six (6) weeks of paid vacation with the following conditions: Employees benefiting from the 6th week of vacation must use a minimum of one (1) full week of vacation at one time with a minimum of forty (40) hours notice. Denial is not subject to the grievance and arbitration procedure.

Upon termination of employment the employee shall receive payment equal to the amount of vacation pay he would have received had the termination not occurred. If termination is caused by death, such payment shall be made to the employee's estate.

Employees may carry-over vacation rights, on a limited basis, from vacation year to the following vacation year. The limitations are:

No more than two (2) weeks of vacation entitlement may be so "carried-over."

All of the "carried-over" vacation must be fully used within the next vacation year, or it will be lost for use by the employee.

The employee desiring to carry-over any of his vacation entitlement must request the same of his department head in writing, prior to the expiration of the vacation year; failing same, he will not be entitled to so carry-over vacation entitlement. Upon the death of an

employee who is eligible for vacation under these rules, payment shall be made to the estate of the deceased in an amount equal to the vacation allowance as accrued in the vacation year prior to the employee's death but which had not been granted. In addition, payment shall be made for that portion of the vacation allowance earned in the vacation year during which the employee died up to the time of his separation from the payroll.

Employees who are eligible for vacation under these rules and whose services are terminated by dismissal through no fault or delinquency of their own, or by retirement, or by entrance into the armed forces, including the time during which they are not working because of sick leave, shall be paid an amount equal to the vacation allowance as accrued, and not granted, in the vacation year prior to such dismissal, retirement, or entrance into the armed forces. In addition, payment shall be made for that portion of the vacation allowance accrued in the vacation year during which such dismissal, retirement, or entrance into the armed forces occurred up to the time of the employee's separation from the payroll.

An Employee shall be granted an additional day of vacation if, while on vacation leave, a designated holiday occurs which falls on or is legally observed on Monday, Tuesday, Wednesday, Thursday or Friday.

Vacation allowances provided under the terms of this section will be calculated on a twelve-month period commencing on July first and ending on June thirtieth, and these allowances must be taken in the twelve-month period that immediately follows. In unusual circumstances, exceptions may be granted by the department head. Such vacation shall be granted by the head of the department at such time as, in his opinion, will cause the least interference with the performance of the regular work of the Town.

An employee shall not be allowed to work during his vacation leave and be compensated with extra pay without approval of the department head.

Notwithstanding any past practice to the contrary, employees must give at least 24 hour notice in advance of using vacation unless emergency circumstances exist to the satisfaction of the Superintendent, who shall not discriminate against any member of the bargaining unit as provided for in the Fair Practices article of the collective bargaining agreement.

Vacation days will not be substituted for sick leave days unless the employee has no accrued sick leave and otherwise satisfies all other requirements provided in Article XVII-Sick Leave.

ARTICLE XIII

SAFETY COMMITTEE CODE

A safety committee composed of three (3) representatives of the Union and three (3) supervisory personnel shall be appointed. Said committee shall appoint its own chairman and meet regularly to review safety practices. It may draw up a safety code which both parties to this agreement agree to enforce. Regardless of the promulgation of this code it is herein agreed that as a safety measure during sanding and plowing no less than two (2) men (drivers wherever possible) will be assigned to a truck.

ARTICLE XIV

HOLIDAYS

A. The following days shall be recognized as legal holidays:

New Year's Day	Independence Day
Martin Luther King Day	Labor Day
Washington's Birthday	Columbus Day
Patriot's Day	Veterans' Day
Memorial Day	Thanksgiving Day
Christmas Day	Day after Thanksgiving

on which days employees not required to maintain essential Town services shall be excused from all duty.

B. Every employee in full-time or continuous part-time employment shall be entitled to these designated holidays on the following terms:

(1) A person on an hourly basis shall receive one day's pay at his regular rate based on the number of hours regularly worked on the day on which the designated holidays occurs.

(2) If he is paid on a weekly, semi-monthly or annual basis, he shall be granted each designated holiday without loss of pay.

C. Payment under the provisions of this section shall be made provided the eligible employee shall have worked on his last two regularly scheduled working days prior to and next two regularly scheduled working days following each holiday, or was on full pay status on such preceding and following days in accordance with other provisions of this Agreement.

D. An employee in continuous employment occupying a position in other than the Public Safety or Supervisory groups who performs work on one of the days designated in section A shall be paid at one and one-half (1 1/2) times his regular rate for such day or fraction thereof in addition to the amount to which he is entitled under section B.

Employees required to work on Thanksgiving Day, Christmas or New Year's Day will be paid at two (2) times their regular rate of pay for all hours worked on those days.

ARTICLE XV

PROTECTIVE CLOTHING AND UNIFORMS

- A. If an employee is required to wear protective clothing or any type of protective device as a condition of employment, such clothing or device will be furnished and maintained by the Employer to the extent of rubber boots, raincoats, safety helmets, and such other protective clothing or device as required by the majority vote of the safety committee. Replacement of such clothing shall require the turnover to the Town of the previous issue.

- B. All employees are permitted to wear plain shirts of any color to be provided by the employees. The only acceptable markings will be the Town seal and/or name of the department/division. Employees who are not wearing the proper clothing when they report to work, shall be sent home.

Mechanics shall be supplied coveralls through purchase or rental.

ARTICLE XVI

JURY DUTY AND SPECIAL LEAVE

- A. The Employer agrees to make up the difference in an employee's wages between a normal week's wage and compensation received for jury duty.

- B. Members of the military reserve on brief tours of military duty such as the annual two-week tour of duty may be compensated by the Town for the difference between the employee's regular pay and that received on military duty. Such tours shall not be counted against vacation.

ARTICLE XVII

SICK LEAVE

An employee in continuous employment shall be allowed ten (10) hours leave with pay for each month thereof provided such leave is caused by sickness, injury or disability which prevents the employee from performing his/her normal duties. Each employee shall be entitled to use forty (40) hours of accumulated sick leave per year due to the serious illness of the employee's spouse, children or parents.

An employee in continuous employment shall be credited with the unused portion of leave granted under section A up to a maximum of 1,600 hours (1,440 for those employees who elect the Long-Term Disability Insurance benefit.)

An employee occupying a temporary or seasonal position shall not be granted paid sick leave.

The Town and the Union agree that the maintenance of good health and physical fitness are important to the successful performance of all duties and functions of the employees. Employees may be required to complete an annual physical examination. Employees are expected to be at work on a regular, continuing and consistent basis. An excessive or unusual amount of absence from work is contrary to the employer's attendance expectations and requirements. An employee who exceeds the average number of separate times out for personal illness from the department in a year, shall be considered to be excessively absent, and in addition, any employee who uses all of his annual sick leave in any year, except for major illness or surgery, shall also be considered to be excessively absent.

If the amount of leave credit has been or is about to be exhausted, an employee may make application for advanced sick leave. Such application shall be made through the Town Manager which is authorized to grant such advanced sick leave if it may determine to be equitable after reviewing all circumstances including the employee's attendance and performance record prior to conditions supporting his request for advanced sick leave.

An employee, in order to be eligible to use sick leave, must notify the Division Head on or before the first day of any absence for which he intends to use sick leave, the nature of the illness, injury, or disability and medical diagnosis, if possible at that time, together with an estimate of the time the employee expects to return to work. The absent employee who is claiming sick leave is expected to keep the Department Head informed of the progress of the sickness, injury, or disability and may be required to provide additional doctor's certificates in the form set forth above from time to time at the discretion of the Department Head if such absence is prolonged on a daily basis unless other arrangements are made. If deemed in the best interest of the Town, the Town Manager his designee may require any employee receiving sick leave pay to be examined by a physician chosen by the Town, such examination shall be administered without charge to

the employee. During such absence no salary or wage shall accrue to such employee except during periods of authorized sick leave in accordance with this Article.

Following such notice the Department Head may require medical examination of an employee who following receipt of such warning reports his inability to report for duty because illness. This examination shall be at the expense of the Town by a physician appointed by the Town Manager or his designee. Such employee may be required to submit a medical certificate in substantiation of each absence due to claimed illness regardless of duration. ARTICLE XXIV

CLASSIFICATION PLAN - PAY RATES

- A. There shall be a classification and pay plan. It shall list all positions covered by this Agreement by title along with the wages for each position. The wage schedules are attached to this Agreement as Appendix A - C and the Classification plan is attached as Appendix D. It is agreed that all employees must have the proper licenses for their classification, if they are required by either the Town or the State or Federal Government. Licenses must be in possession prior to an employee being promoted to a higher, or transferred to another classification. Employees who are in a classification, as of the date of ratification of this agreement, without being properly licensed, will have no more than one year from that date to obtain said licensing. Failure to be properly licensed after that date will subject an employee to be transferred or demoted to a classification for which he is properly licensed and otherwise qualified to perform.
- B. The first three months of employment shall be considered a probationary period. In the event that an employee continues employment beyond the probationary period, he or she shall be entitled to all of the rights and benefits under this Agreement retroactive to the first day of employment.
- C. An employee in continuous full-time or part-time employment shall receive the increment between his present rate and the next higher step rate after recommendation by the Head of the Department according to the following schedule:
1. On January 1st, or July 1st provided he has completed thirty (30) weeks service at the minimum or other rate if a rate other than the minimum is authorized as the entrance rate.

Increments and salary adjustments for all employees, including those on the maximum step are not to be considered automatic; they shall be reviewed annually and approved or disapproved by the employer. The withholding of increments or salary adjustments will be for job related reasons. Employees shall be notified of the reasons in writing. They may request a meeting with the superintendent to discuss the reasons. The Superintendent will review the matter after six months. The provisions of this Agreement are subject to budgetary appropriation, approval and funding by the Town of Plymouth/Town Meeting.

- D. An employee receiving a promotion to a vacant position or to a new position as defined in Article IX shall, upon assignment resulting from such promotion, receive the salary in the compensation grade of the vacant or new position next above his existing salary. If the resulting adjustment does not equal \$300 annually, the adjustment shall be to the second rate above the existing rate but within the compensation grade of the vacant or new position.

Employees who are being transferred to a new position or who are being promoted shall be given a ninety (90) day trial period in the new position at the applicable rate of pay. If at any time during the trial period the employer determines that the employee is not qualified to perform the work, he shall be returned to his old position and old rate of pay.

- E. The employee receiving a promotion and adjustment in rate pursuant to the provisions of the preceding sub-section shall receive the next increment of his compensation grade effective the next January or July first following completion of thirty (30) weeks at the rate resulting from the promotion subject to the recommendation of the Department Head.
- F. All of the financial provisions of this Agreement, including wages and other economic fringe benefits are subject to Town Meeting funding and appropriation on an annual basis. In the event that the Town Meeting shall reduce the budget which has been submitted by the Selectmen for their approval, or if it fails to approve requests for appropriations to fund provisions or amendments to the Agreement, then the parties agree to renegotiate the economic provisions of this Agreement.

ARTICLE XXV

STABILITY OF AGREEMENT

No amendment, alteration or variation of the terms or provisions of this Agreement shall bind the parties hereto unless made and executed in writing by the parties hereto.

The failure of the Town or the Union to insist, in any one or more situations, upon performance of any of the terms or provisions of this Agreement shall not be considered a waiver or relinquishment of the right of the Town or of the Union to future performance of any such term or provisions, and the obligations of the Union and the Town to such performance shall continue.

All written memoranda, oral or written agreements, policies, and employment and work practices, are existent, effective and enforceable as a grievance by the Union only to the extent they are expressly set forth in this Agreement. However, nothing in this Agreement shall preclude the Union from filing a charge of prohibited practice.

ARTICLE XXVI

GENERAL

The parties acknowledged that during negotiations which resulted in this Agreement, each has the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties, after the exercise of that right and opportunity, are set forth in this Agreement.

Therefore, the Town and the Union, for the duration of the term of this Agreement, or any extension thereof, each voluntarily and unqualifiedly waive the right and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter referred to or covered by this Agreement.

ARTICLE XXVII

NO STRIKE CLAUSE

No employee covered by this agreement shall engage in, induce, or encourage any strike, work stoppage, slow down, or withholding of services as defined in Massachusetts General Laws, Chapter 150E. The Union agrees that neither it, nor any of its officers or agents will call, institute, authorize, participate in, sanction, or ratify any such strike, work stoppage, slow down or withholding of services.

Should any employee or group of employees covered by this Agreement engage in any strike, work stoppage, slow down, or withholding of services, the Union shall forthwith disavow any such strike, work stoppage, slow down, or withholding of services and shall refuse to recognize any picket line established in connection therewith. Furthermore, at the request of the Town, the Union shall take all reasonable means to induce such employee or group of employees to terminate the strike, work stoppage, slow down, or withholding of services and to return to work forthwith.

Any employee who breaches the Agreements contained in this Article shall be subject to disciplinary proceedings under Civil Service Law and Rules.

ARTICLE XXVIII

SEPARABILITY

If any Article or Section of this Agreement or any amendments thereto should be held invalid by operation of law or by any tribunal of competent jurisdiction; or are superseded, nullified or otherwise affected by any legislation (federal or state); or if compliance with or enforcement of any Article or Section should be restrained by such tribunal pending a final determination as to its validity; the remainder of this Agreement and of any amendment thereto, or the application of such Article or Section to persons or circumstances other than those as to which it has been held invalid, or as to which compliance with or enforcement of has been restrained, shall not be affected thereby.

ARTICLE XXIX

MISCELLANEOUS PROVISIONS

3. No one outside the bargaining unit shall perform work normally done by those employees within the bargaining unit if able to perform the work; but nothing in this Agreement shall prevent the Employer from contracting for services from an independent outside contractor.

The provisions of this paragraph are not intended to prevent the Superintendent, and/or Assistant Superintendent or Supervisors from operating pieces of equipment on occasions as the needs of the department require, for testing or moving the equipment.

4. No person shall be appointed, employed or paid as an employee in any position subject to the provisions of the classification plan under any title other than those appearing in Article XXIV of this Agreement.

The need for such programs and
The identity of the participants in such programs.

All participants in in-service training programs will be voluntary.

So long as the number of hours of the training programs are divided in equal amounts of time between the employee's regular working hours and his non-working hours, then there shall be no additional compensation for attendance at the training program. Failure by designated employees to participate in in-service programs or withdrawal of such employees from any such program shall be noted in the employee's employment record.

The parties agree that the Town's mechanics will be sent to refresher courses on heavy equipment and new vehicles, subject to the availability of such courses and available funds.

(In addition to any privately owned equipment contracted for use by the Town.) Generally, the Town will assign two employees to each piece of equipment. If there are insufficient employees available then only one employee will operate a piece of equipment in order that the maximum amount of equipment is being used. When there are insufficient employees to operate all of the equipment with two people, the Town will assign one operator first to the less difficult, or smaller pieces of equipment. As additional employees become available, the one "man" vehicles will receive a second employee.
11. The AFSCME vehicle (the bus) will be allowed to be parked on Town property within the gated lot of the Water Division on Long Pond Road. The FMLA shall not increase or decrease the length of leave available to eligible employees under this Agreement.
